

Life at Home – The Key to Independence

CareMinders® Home Care is a private home care agency specializing in comprehensive services which are customized to meet varied individual needs. We are dedicated to providing safe, caring and understanding companionship, personal care, skilled nursing care, and home support services to physically-challenged, convalescing and dependent individuals of all ages in the comfort of their own homes.

We can be there to help whether you need us for just a few hours each day, or for 24 hours a day, 7 days a week.

Companion Care**

There's No Place Like Home

Unforeseen circumstances can make the simplest of life's activities a challenge. When they arise you want the security of being in your own home, where familiar surroundings allow you to maintain the lifestyle and sense of freedom you're accustomed to—which you deserve and have earned—in the close comfort of family and friends.

Assistance from a non-family member may be all you need to realize this desire.

"Your Comfort, Our Responsibility"™

Building Relationships

Choosing a caregiver to assist you or a parent, child or other loved one is no small decision. Where do you turn, and what kind of caregiver do you need?

At CareMinders® Home Care we know the trusted value of a solid relationship. We begin to build one with you from the very start with an in-home assessment to determine your needs. From there we develop a customized plan with you to meet those needs and address your specific goals and desires. Of course, an important part of this process is identifying your ideal caregiver.

Our Caregivers

It takes someone special to become a caregiver for the best team in the business! We insist our caregivers represent our ideals of integrity, loyalty and empathy, and we make all efforts to match their qualifications, interests and unique

characteristics with your needs. Equally important, all of our caregivers are required to pass our *industry-exclusive background screening process*, giving you the assurance you need to trust a caregiver in your home. In addition to our rigorous screening, CareMinders® Home Care is a drug-free and alcohol-free workplace, and all of our caregivers are insured and bonded for your added peace of mind. We believe you deserve the utmost safety and security.

After all, your comfort is our responsibility.

Why Choose CareMinders®?

- Industry-exclusive background screening
- Drug-free and alcohol-free workplace
- All care supervised by nurses
- High standards and consistent oversight exceeding state requirements
- Care is focused on safety, fall prevention and risk reduction
- Extensive caregiver training using both classroom and e-learning instruction methods
- Individualized Assessment and Care Planning
- Telephony validation and alert system for caregiver attendance
- Electronic caregiver-to-client compatibility matching
- Rigorous driving safety standards for caregivers responsible for transporting clients
- Contingency planning for emergencies
- Wide range of fully-customizable services to meet the unique and specific needs of clients

CareMinders® Home Care offers a vast range of medical and non-medical services and assistance, both long- and short-term, to people of all ages. We can be there to meet your needs whether you need us for just a few hours, or for 24 hours a day, 7 days a week. *Live-in services are also available.*

The following is just a partial list of our services which can be customized to the specific needs of you or your loved one:

Nursing Services

- full-time, part-time or per-visit basis
- customized to your specific needs
- always provided under the direction of your physician

Personal Care Services

- bathing and grooming
- dressing
- oral hygiene
- mobility and ambulation
- transferring and positioning
- feeding
- toileting and incontinence care

Companion Care Services

- companionship and conversation
- activity planning and participation
- meal planning and preparation
- light housekeeping
- pet care
- running errands

Falls are a leading cause of hospitalization and subsequent admission to a nursing home by the elderly. In all instances, our clients are assessed for potential risk of fall, and necessary preventative precautions are taken and planned for.
